

“Keep Our Graduates in V.I.” Job Fair 2015

On Monday, June 22, 2015, The Virgin Islands Department of Labor hosted a job fair at the University of the Virgin Islands Great Hall. With over 12 businesses and 150 job seekers in attendance, we hope that the VIDOL reached its primary goal of connecting recent college, university and high school graduates with businesses who have current or anticipated employment opportunities. Despite the rainy weather we were thrilled to see the outcome of this event and hope that we can continue to Keep Our Graduates in the Virgin Islands. Special thanks to all of the participating businesses for your support and commitment the Virgin Islands Workforce Development system.
